

ANOTHER CURRENCY MEASURE

Establishing a Federal Guarantee of Bank Deposits to be Introduced

CONFERENCE AGREEMENT

Has Determined Manner in Which Regional Banks are to be Located—Want No "Influence" Used in Selection.

(Associated Press Telegram)
Washington, Dec. 22.—Although administration leaders in congress bent every effort for a speedy approval of the currency bill today that it might be hurried to the white house for President Wilson's signature before night, a series of delays developed to hamper their progress. Printed copies of the conference report were late coming from the printers and the parliamentary situation in both the house and the senate seemed to favor delay. Democrats in both houses were prepared however to ask for speedy approval of the disputed points agreed upon by house and senate conference with the hope of getting the bill out of the way in time for President Wilson to leave for his Christmas vacation in Mississippi tomorrow.

(Associated Press Telegram)
Washington, Dec. 22.—The elimination of the federal guarantee of bank deposits from the new currency bill is to be followed soon by the introduction of a separate bill to establish such a guarantee. Chairman Owen, of the senate banking committee expects to introduce it early next month.
Under the conference agreement cities where regional reserve banks are to be located will be selected by the secretary of the treasury, the secretary of agriculture and the comptroller of the currency.
When telegrams favoring Seattle were presented to the senate today by Senator Poindexter, Senator Burton declared that the organization committee should be left entirely free from outside influences in determining where the new banks were to be located. If it were practical he declared, congress should pass a resolution that no senator or representative should use his influence with the organization committee.

(Associated Press Telegram)
Washington, Dec. 22.—The administration currency bill in its final form was reported to both houses of congress today to be written into law. The members of the conference committee which labored until dawn this morning threshing out the differences between the two houses, presented a perfected measure which followed closely the lines laid down by President Wilson in his demands for currency reform.
A general recess among legislators to get away from Washington for the Christmas holidays resulted in a program calculated by Democratic leaders to place the bill before the president for his signature tonight and to clear the way for an immediate recess. The house called for a setting aside of the rules in order that the conference report might not be forced to lay over for a day to be printed. In the senate the leaders endeavored to smooth away the obstacles, chief of which was an incipient protest by the supporters of the provision for an insurance of bank deposits which was stricken out of the bill in conference.

The conferees agreed on practically all of the fundamentals as it passed the senate, including the provision that not less than eight nor more than 12 regional banks should be created. The reserve requirements for banks entering the system which had been slightly let down by the senate were strengthened by conference, an amendment allowing the use of the present bank notes and the proposed new federal reserve notes in bank reserves being stricken out. In order to make the change the house conferees called in Representative Bulkley of Ohio, a member of the house banking committee, who made an extended argument to show that the provision was unnecessary.

The last long drawn out struggle of the conference resulted from the administration determination that the comptroller of the currency should be given a place on the federal reserve board which will control the new system. The senate conferees were evenly divided on their proposition, three senators joining with the house members of the committee in supporting the administration's contention. It was nearly day light when a single shifting vote brought the conference to a close.

The conference accepted the senate amendment increasing the gold reserve behind the new notes to be issued from 33 1/2 per cent as fixed in the house bill, to forty per cent with a graduated tax on depletion as arranged in the senate. It was understood that President Wilson and

Secretary of the Treasury McAdoo let the conferees know that they favored the increase.
A compromise plan for retiring the two percent bonds on which the present currency is based was written into the bill by the conferees. Under the plan \$36,000,000 worth of these bonds will be purchased each year, beginning two years after the system is placed in operation by the new regional banks from the present national banks. On one half of its bonds each regional bank may issue currency. The remainder will be refunded in three percent thirty year bonds or three percent one year treasury notes, which the banks must agree to renew each year for thirty years.

MRS. PANKHURST LEFT YESTERDAY FOR SWITZERLAND

(Associated Press Telegram)
London, Dec. 22.—Mrs. Emmeline Pankhurst, the militant suffrage leader left London quickly yesterday for Paris on the way to Switzerland to recuperate from her weakness brought about by a hunger and thirst strike in Holloway jail from which she was released on Dec. 17. Her departure was not accompanied by any of the usual demonstrations.
Rumors were in circulation today that relations were strained between Miss Sylvia Pankhurst and Miss Christabel Pankhurst the two daughters of the militant leader in consequence of Miss Sylvia's determination to concentrate her campaign in the east end of London and in efforts to co-operate with the members of labor parties.
Miss Christabel disapproves of this scheme and is said to be withholding funds.

HOLD-UP MEN AGAIN MAKE APPEARANCE

Two Victims Report to the Police. One a Woman, is Assaulted and Robbed of \$11.

Holdup men were abroad Saturday and Sunday nights, two victims reporting to the police experiences with the footpads. Miss L. S. Ingham, who makes her home at the Henry Fleck residence, was robbed of about \$11 Saturday night about 9 o'clock. The footpad escaped, leaving no clue, the victim being unable to furnish the police with a description of her assailant.

Frank Bell, a foreigner, was attacked by two men in Fifth street near Main, and though one of the footpads got his hand into Bell's pocket, he got nothing for the trouble. Patrolman Abbott and Headquarters Officer Hurlbaugh, a few minutes later arrested Curtis Bible and D. C. Lennon and lodged them at the city prison slated "held for investigation." Monday they were held to await the action of the grand jury under bonds of \$100 each.

Miss Ingham stated that she was enroute to the home of her cousin, at W. Nicholas, 74 High street. At an alley at the head of High street, she was attacked from behind and struck by the footpad who grabbed her handbag and escaped. The bag contained about \$13 in money. A part of this was found in the street, having fallen from the bag in the scuffle for possession of it.

Mrs. Nora Stockberger and Mrs. Clara Sinclair of 71 High street, were attracted by the woman's moans following the attack and went to her assistance. They found the woman stunned by the attack and assisted her into their home. She was given careful attention and was soon able to go to the Nicholas home.

The assault occurred at a point where there is no light and where footpads have worked before. Residents in the neighborhood have made repeated efforts to have a light placed at this point.

Bell, another victim, came to headquarters badly frightened shortly after 5 o'clock Sunday night. He told of an attack by two men, both of whom grabbed him in the darkness near Fifth and Main streets. The street lights were not burning at that hour.

Bell gave a good description of the men who attacked him and Officers Abbott and Hurlbaugh picked up Bible and Lennon in the vicinity of Fifth and Main streets. Lennon admitted that he had his hand in Bell's pocket but declared that "he was only in fun."

Both Lennon and Bible claimed that they came to Newark from Co-shooton. They were committed to the county jail to await the action of the grand jury.

BLACKJACK USED ON COAL DEALER BY FOOTPADS

(Associated Press Telegram)
Akron, O., Dec. 22.—Sam Ohl, Kenmore coal dealer was beaten and robbed of \$75 by two footpads who attacked him as he was leaving his office Sunday night. As one holdup man stopped Ohl to ask the time of day the second dealt him a crushing blow over the head with a blackjack. Both men escaped. Ohl was found lying in the street by Marshal Bissel.

DOES NOT FEAR AN ATTACK

General Villa Says Chihuahua Is Too Well Fortified

CONTROL OF TELEGRAPH

And Railroad Communication by Rebels in the North Places Them in Commanding Position—Stores are Almost Empty.

(Associated Press Telegram)
Chihuahua, Mex., Dec. 22.—Rebel control of telegraph and railroad communication south and west of Chihuahua had today reached a point where General Villa believed he would be impervious to an attack by the few Federal troops remaining in the north.

Although over 4000 Federals at Ojinaga were reported to be preparing for action, General Villa believed they would be unable to do more than destroy territory. General Villa said Chihuahua was too well fortified to fear an attack.

The report that General Mercado had fled across the border was regarded here as the beginning of the breaking up of the Federal troops.

This city next to Monterey, is the most important center in the north. The stores now sealed up against further looting, are almost empty.

The litter in the streets betrays the haste with which the Federals took what they could carry before they fled and also the eagerness with which the rebels entered the shops to obtain what was left of food and clothing. The Spanish cathedral and the churches are empty since the priests and nuns were expelled and even the stopping of the cathedral clock and the quieting of its bells have imposed a silence on the city. General Villa who can neither read or write, exercises from the state capital all the functions of government.

BELIEVE GENERAL MERCADO HAS CROSSED THE BORDER.

(Associated Press Telegram)
Presidio, Tex., Dec. 22.—United States troops patrolling the border were watching today for General Salvador Mercado, deposed commander of the Mexican Federal troops, who was reported to have crossed to the American side from Ojinaga, possibly with a view of making his way to Mexico.

FEDERALS AGGRESSIVE: FORCING REBELS BACK

(Associated Press Telegram)
Mexico City, Dec. 22.—Federal successes at Tepic and Mazatlan, on the Pacific coast of Mexico are reported in official advices received here today. The rebels are said to have been severely punished in a fight with the Federal troops eight miles from Tepic, the capital of the territory of the same name while the Federal forces which had been besieged at Mazatlan for many weeks are said to have assumed the aggressive and to be forcing the rebels back toward Culiacan, capital of the state of Sinaloa.

LIFE SENTENCE FOR MURDER OF A PATROLMAN

(Associated Press Telegram)
Cleveland, O., Dec. 22.—Judge Lawrence in common pleas court here today sentenced James Meaney to life imprisonment in the Ohio penitentiary at Columbus for the murder of Patrolman Leroy Bouker here Thanksgiving eve, 1912. Meaney was convicted last week of murder in the second degree. A motion for a new trial was overruled. Meaney plans an appeal. He will be taken to Columbus Tuesday. Three others are already serving life terms for the same crime.

LAKEWOOD MOTHERS WANT WATCHMEN AT R. R. CROSSING

(Associated Press Telegram)
Columbus, Dec. 22.—Mothers of Lakewood, a suburb of Cleveland, probably will have the state public utilities commission's endorsement with them in their fight to compel the Nickel Plate railroad to place watchmen at crossings in their town to prevent the repetition of the recent accident by which a school boy was killed by a flying train.
E. W. Doty, Cleveland, member of the utilities commission, presented the situation at Lakewood to the commission today and urged that immediate action be taken to force the railway company to employ a watchman during the day for each of the 18 crossings until gates can be installed. The commission is considering this action. Commissioner Doty inspected the crossings and conditions there last week.

Sir Thomas Lipton and Mr. Nicholson, Designer of Yacht to Race for America's Cup

Sir Thomas Lipton, who has engaged again for the America's cup, and his designer, Mr. Nicholson, are confident they will be able to lift it this time. They have not given out details of the vessel which is to sail across the Atlantic with the purpose of taking home the cup that has been in the possession of the American yachtsmen for a half century. Nor have the designers at work on the American yachts which will compete in the trials for the honor of sailing against Lipton published their plans. Lipton assumes the same jaunty hope of victory he has had in his former and unsuccessful attempts to win the cup, as shown in the photograph just taken of him.

DUAL LIFE IS REVEALED BY MAN'S DEATH

(Associated Press Telegram)
Monticello, N. Y., Dec. 22.—The death of Melvin H. Couch, a prominent lawyer and former district attorney of Sullivan county, revealed today that, unknown to his family and friends and to his clients, a woman had lived for three years in a secret room connected with his law office. Couch was found yesterday lying dead on his office lounge. Death was due to rupture of a blood vessel near the heart. In the next room crouched a frightened woman who admitted she had seen him die, but insisted she was not responsible for his death. She said she was Adelaide M. Brance of Goshen, N. Y., and that the secret room had been her only home during the three years.

Mexico City, Dec. 22.—The Bank of London and Mexico closed its doors today.

WELSH TIN PLATE MAKERS SAVED BY NEW TARIFF

(Associated Press Telegram)
London, Dec. 22.—Welsh tin plate makers have book orders for some 40,000 tons for delivery to American canning and oil concerns between now and June, it was announced here today.

The United States tariff, which had almost destroyed the Welsh tin plate trade, promises in its revised form, it is said, by the makers to prove the salvation of the industry, as they now find they are able to compete successfully with trans-Atlantic competitors.

Miss Brance said she first met Couch three years ago when she called at his office to sell books. The lawyer's friends remember that about this time he had the room where she was found cut off from his office by a partition.

Couch's wife first learned of her husband's secret when word of his unexpected death brought her to the office where he lay dead. She had visited the office frequently, but had never entered the adjoining room. She fainted when she confronted Miss Brance.

MANY LIVES LOST IN ERUPTION ON AMBRIM ISLAND

(Associated Press Telegram)
Paris, Dec. 22.—Fresh eruptions have caused further destruction of life among the natives of the island of Ambrim in the New Hebrides group according to a report received today at the French ministry of marine from the captain of the French Kersaint on his arrival at Noumea, near Calcutta.

Dip Point at the western coast of the island has been buried beneath a heavy fall of cinders and many of its inhabitants are missing. Two local steamers rescued 130 natives. No Europeans or Americans have been injured or killed.

Earlier dispatches estimated the loss of life among the natives at 500.

WOMAN TORTURED BY A BLACK MAN

Cleveland, Dec. 22.—Police here today arrested a negro suspect in connection with a brutal assault late Saturday night of Mrs. Carl Testmeier, who was tortured by a black man who broke into her home 12 miles from the city while her husband was away. She was beaten into insensibility. A posse searched all day Sunday for the assailant.

SWEEPING REFORMS ARE RECOMMENDED BY THE BOARD OF VISITORS

Conditions at County Infirmary and City Prison are Severely Criticized and Important Changes are Urged

LICKING COUNTY BADLY IN NEED OF A WORKHOUSE

Segregation of Youthful Offenders a Necessity Declares Probate Judge Robbins Hunter—Children's Home Needs Additional Teacher—County Infirmary Farm Should Be Made Self-Sustaining—The Prisoners in Jail and City Prison Should Be Given Manual Labor.

main in close communication until such time as the court can proceed with the case.

Establish a county workhouse and detention home, as a solution of Licking county's serious criminal housing problem.—Probate Judge Robbins Hunter

Segregate youthful offenders from hardened criminals, confined in the city prison and county jail.

Give employment, preferably manual labor, to prisoners confined in the city prison and county jail.

Invest several hundred dollars in needed repairs at the city prison, which includes a system of ventilating.

Give the city prison a thorough overhauling and cleaning.

Select county infirmary superintendent and matron for a period of several years.

Employ more farm help on the infirmary farm near Union Station, to make the 226 acres not only self-sustaining but profitable to the county.

Enact a law creating a board of three members, one of whom should be a woman, to take the work of the former infirmary directors and trustees of children's homes, with possibly some oversight of jails, prisons, etc.—County Board of Visitors.

In the above recommendations of sweeping reforms of the penal and charitable institutions of Licking county the board of county visitors, in a report filed with Probate Judge Hunter, Monday morning, took occasion to express decided displeasure with conditions in these institutions, with possible exception of the county jail, and to register hearty disapproval of the new law which turns over to county commissioners the responsibilities of the former trustees of the county infirmary.

The board of visitors deprecates the fact that in the past year the county infirmary has had three superintendents and three matrons, but believes the present superintendent and matron, Mr. and Mrs. Charles Poundstone, from responsibility for conditions, since they were appointed only last August 15.

Conditions at the city prison were severely criticized, and urgent recommendations for early changes and improvements were presented in the report.

Probate Judge Robbins Hunter by reason of his close touch with conditions, is perhaps the best informed official on the needs of the county in these respects. In an interview Monday Judge Hunter was emphatic in his declaration that Licking county is in dire need of a workhouse and detention home, which might be conveniently combined in one institution and at the same time provide for segregation of youthful offenders from more hardened criminals.

That such an institution could be more than self-sustaining in this county, Judge Hunter is certain. Said he Monday: "We should have a workhouse where the courts could send criminals of local notoriety, and where their servitude could be made of profit to the county and to their families. In cases of non-support, for instance, many of which come before juvenile court every year, the court is practically at a loss for a means of punishment that will afford direct benefit and correction. If this county had a workhouse where such offenders might be sent, where under guard they would be put to work, it would be possible to allow them enough for their labor to pay expenses of the institution and give a specified percent of their earnings toward support of their families."

"There is, probably, no county in the state where there is greater need for a detention home for juvenile offenders who should be corrected. Now, the only recourse of the court in such cases is to give the offenders a warning, and in cases of severity, where some punishment is necessary, send them to the Delaware home or the Lancaster home. Meanwhile, if their offense is sufficiently serious to warrant our holding them, our only recourse is to the city prison and the county jail, where young and old, male and female, are compelled to re-

main in close communication until such time as the court can proceed with the case.

It is a serious problem which means more to the taxpayers of the county than immediate money invested in construction of such institution.

It would not be necessary to construct an elaborately barred and walled institution to accommodate the class of offenders I speak of. I mean our regular run of habitual petty offenders—persons who are steadily committing misdemeanors, the only punishment for which is jail sentence."

While not openly a recommendation of this nature, the report of the board of county visitors may be regarded as in accord with the proposal outlined by Judge Hunter.

The board was appointed May 1. It consists of C. L. V. Holtz, Newark, chairman; O. C. Larson, Newark, secretary-treasurer; Harry D. Willson, Croton; Mrs. Fred Seymour, Granville; Ida M. Jones and Ida M. Chase, Newark.

Regarding the city prison, the board calls attention to the fact that the building was constructed in 1874. The spouting, which has been neglected for years, has rusted out so that it has become inadequate to carry off the water. From holes in the roof, water had dripped through into the plastering and paper has fallen to the floor in the prison court room.

On the occasion of the recent visit of the board to the city prison there were nineteen prisoners of various ages strolling through the corridors together. Windows are broken and foul air is noticeable throughout the place, according to the report.

A general cleaning up is recommended, and "segregation of young and less vicious from those more hardened in crime."

The board suggests that prisoners be given employment, such for instance, as work on the streets, to help defray their own expenses, thus relieving the burden of taxpayers.

The maintenance of prisoners at the city prison costs forty cents per day, each.

The cost at the county jail is twenty cents more, or sixty cents per day for each prisoner confined there.

While on the occasion of the visit of the board there were only nineteen prisoners confined in the county jail, usually the number far exceeds that.

Segregation and employment are recommended for county prisoners, while insofar as the maintenance of the jail is concerned, the board declares it to be sanitary and in fairly good condition, but suggests that it should be white-washed or painted.

An additional teacher is needed at the Children's Home, says the report, calling attention to the fact that forty-eight children are being instructed by one teacher who receives \$50 per month and dinners.

Since incumbency of the present superintendent and matrons, Mr. and Mrs. Harvey Orr, in June, seven children have been placed in private homes and records kept of their progress.

In this connection the board recommends that two or three counties combine and appoint one visiting agent whose duty it should be to make regular rounds of the children's homes and orphanages within their limits.

The fact that the county infirmary has not been self-sustaining, has given the county board considerable annoyance, it would seem from the report. The report asserts that there are 226 acres of fairly productive land on the county farm, and that despite this, the institution buys meat and vegetables of all kinds. The stock now on the farm consists of 100 chickens, 6 horses, 18 cows, and 60 hogs.

In the institution there are twelve feeble minded persons, three in the hospital and one nurse.

The board recommends that the hog house be removed to a greater distance from the home and that better ventilation be provided in the infirmary. It is also recommended that the hospital be painted and cleaned.

On the farm are only two regularly employed workmen. The board urges that more workmen be given the superintendent in order that the institution may be made profitable for the county, and that implement sheds be constructed to accommodate farming utensils.

BUGGY WENT DOWN STEEP EMBANKMENT

Mrs. Virgil Tavenner, residing a mile south of Jacksonville, had her arm broken on Saturday night and two buggies were badly smashed up as the result of an accident on the Jacksonville road.

Mr. and Mrs. Tavenner, with their little girl, age 5, were returning home about dusk from Newark. About three miles south of Newark they had occasion to pass a buggy, and in pulling to the side of the road Mr. Tavenner misjudged the distance and the buggy went into the ditch, which is very steep at that point. The buggy overturned and all the occupants were thrown out.

The risk which they attempted to pass was driven by Mr. and Mrs. Vermillion, whose horse became frightened when the Tavenner buggy went into the ditch, and ran away, throwing them out and demolishing the buggy. The only serious injury was sustained by Mrs. Tavenner, who broke her arm. She was taken into the Redman home nearby and Dr. J. W. Hornby of Newark was called to reduce the fracture.

WILL ARRANGE FOR RETURN OF OLD 76th FLAG

Surviving members of Licking county's famous "fighting 76th" will probably recover the regimental banner which was lost by the regiment during one of the hottest engagements of its service, at Ringgold, Ga., during the war of the rebellion. Action looking toward this end was taken today, following the publication of information in Sunday papers to the effect that a camp of Confederate veterans at Selma, Ala., had the banner in its possession and that it would be returned to any survivors of the 76th who cared to have it.

Col. Charles Kibler, of this city, one of the survivors, came to the front Monday with a statement which denied that the regimental colors were ever captured. In his statement he related how this banner came to be in the possession of the rebels. He said:

"In newspaper reports Sunday, it was stated that a camp of Confederate Veterans at Selma, Ala., had in its possession a flag captured from the 76th regiment, O. V. I. by Hardee's corps of the Confederate army and that they were willing to return it to any surviving veterans of that regiment.

"It is not literally true that the regimental flag, the stars and stripes, were ever captured from the regiment. But it is true that at Ringgold, Ga., in a desperate fight, in which the regiment in a few minutes lost 60 men and officers killed and wounded, out of a total of 200 men, it lost the state banner carried with the regimental flag.

"It occurred in this way. Reaching the top of Taylor's Ridge the regiment was confronted by at least a brigade of the enemy which attacked the regiment, enveloping the front and both flanks. Here occurred the great loss mentioned. The state banner was carried by Silas Priest, a colored guard. Receiving a grievous wound, he fell forward toward the enemy. In his fall the banner was projected forward toward the enemy's line about 100 feet distant. Several men rushed forward to recover it but were wounded. Just then came the order from Major Willard Warner, in command of the regiment to fall back fighting, to a better position, which was gallantly done, and the banner was left with the enemy.

"This banner, which was a part of the regimental colors, was composed of a field of blue on which was inscribed a golden eagle and the number and name of the regiment.

"When the regiment fell back fighting, a distance of about 50 yards it re-formed and held its ground until the battle was over.

"It is a courteous act of the camp of Confederates at Selma, to offer to return this banner and the surviving members of the 76th Ohio fully appreciate the offer. Steps have been taken to recover it. It was gallantly lost and just as gallantly returned."

Marian Chrisman is president of the organization of the surviving members of the regiment and his name has been sent to Adjutant General Wood. It is probable that the flag will soon be in possession of the gallant men who bravely defended it through many fierce engagements.

Regarding the return of the flag a dispatch from Columbus says:

"Today there came to Governor Cox a letter from the commander of Colonel Catesby Jones' camp, Confederate Veterans of Selma, Ala., a letter offering to return the colors. The return is to be made by direction of a woman, a daughter of the South.

"The Seventy-sixth Volunteer Infantry was recruited at Newark and six of the companies were formed in Licking county. Other companies were from Dresden, New Lisbon, Canton, Massillon and Granville. It was in the hardest part of the fighting, starting at Ft. Donaldson, then to Shiloh, Vicksburg, Chattanooga, through the Atlanta campaign and then in the march to the sea with Sherman.

"It had many distinguished men in its lists. Its first colonel was Charles R. Wood, later promoted to brigadier general. Later, following the war, he was a federal judge for many years. He was succeeded by

his brother, William B. Wood. Willard Warner, later a member of the United States senate, was its lieutenant colonel. It was part of the Army of the Tennessee during the war.

When its soldiers were mustered into the service at Newark they marched to the music of two historic drums, one the pride of that city, drums that have beaten the roll of soldiers of three wars and are prized as rare relics and keepsakes by the Licking county city.

"During the fighting in the South the flag was captured by a detachment from General Hardee's brigade in hand-to-hand fighting after the Ohio color bearer was shot down and many others lost their lives trying to save it. One flag was marked for the 76th O. V. I. and another taken at the same time bore no marks and now cannot be identified.

"Both flags were presented by General Hardee to his son-in-law, Colonel T. B. Roy, whose command captured the flags. Through the half century the flags have been retained by the Roy family. General Hardee and Colonel Roy are both dead and the flags have been in the possession of Mrs. Roy. She is now an aged woman and lives abroad.

"The healing touch of time has had its normal result, and Mrs. Roy has decided to have the flags returned to the regiment of the command from which it was taken. She asked that the work be done by the camp of Confederate veterans to which her husband was attached during his lifetime, and the commander of that camp wrote the tender to Governor Cox to see if the proper persons may be located.

"The matter was turned over to Adjutant General George H. Wood, who is anxious to locate the members of the old command.

"It was indicated in the letter that a detachment from the Confederate camp of Selma might bring the war relics to Ohio and personally make the presentation, if an arrangement for that ceremony could be made."

APPEALING TO TRESPASSERS DIRECT

On the Baltimore & Ohio track-walker patrolling the road, or a section foreman or one of his workmen when meeting a person tramping along the tracks, whether it be a confirmed hobo or a respectable citizen like a mill employe, points out to him the danger which lurks in this careless practice. The appeal is backed up by information as to the number of lives that are sacrificed and the permanent injuries that occur each year as a result of people using the railroad as a public highway. The maintenance of way department has a representative on the safety committees of the company, and through these officers the men at work on the tracks are made acquainted with accident statistics. Already there has been an appreciable reduction in the number of deaths and serious injuries. The claims department of the road attributes this in large measure to the efforts of the track forces in calling attention to the dangerous practice. Recently a trackwalker was passing a factory adjacent to the right of way just as the factory operatives were coming out. Four young women started up the tracks towards their homes, walking on one of the main tracks. The trackwalker impressed upon the women the danger they were assuming, fortifying his statement by telling them that Miss Pearl Williamson, having assumed the same risk, had lost her life. Miss Williamson having been the twelfth person killed in the same manner on that division during the past year. Presenting the matter with due force he convinced his audience, and now the employees have discontinued using the tracks as a highway.—Railway Age Gazette.

MAKING A SOIL FIT.

Recently a man bought and moved onto one of the poorest farms in the vicinity of Barnesville, Belmont county, O. To the surprise of his neighbors he announced his intention of sowing some alfalfa. They ridiculed the idea and with good intentions insisted that it would be folly to risk time and money in such an experiment. However, as the newcomer was anxious to grow some alfalfa he decided to find out if the handicap of a poor soil could not be overcome. He had been told that the soil lacked in organic matter so he hauled from a nearby livery stable fifteen loads of manure to the acre. He would have preferred other manure because of the many timothy and clover seeds commonly found in such stable manure, but being a practical man he took what was at hand. Experience and observation showed the soil to be acid. Accordingly, he gave it a heavy application of some form of burned lime. A liberal dressing of commercial fertilizer and inoculation of the soil with the proper bacteria helped still more to bring the soil, which was naturally well drained, in good shape for the crop. A fine stand of alfalfa was the result of his preparation and, in the second season, three good crops of hay were cut and it gives promise of better crops. This is not only a means to enrich the soil but also a means to grow alfalfa in Ohio, if the soil is well drained, sweet and well supplied with organic matter, phosphorus and the proper bacteria.

300 LIGHTS ON THE BIG XMAS TREE

Mayor Swartz Will Turn on Switch As Music From Buckeye Band Peals Forth—Will Decorate Tree Tomorrow.

By Tuesday night Newark's municipal Christmas tree probably will be in readiness for the Christmas eve celebration. Workmen, directed by Manager Fred Morrison of the Ohio Light and Power company, completed stringing 300 electric light bulbs on the tree and connecting the current so it will be ready for Mayor Swartz to turn on the switch as the Buckeye band plays the opening number of the program, which begins promptly at 7 o'clock Wednesday night.

Members of the Federation of Women's Clubs of Newark expect to have the tinsel and artificial snow decorations placed on the tree Tuesday.

Newark is getting its municipal celebration at a figure somewhat lower than that in New York City, and while several hundred thousand more people will have the privilege of calling the New York tree their own, there's little doubt but that Newark folks will enjoy their tree just as much as if not a little more than the bustling New Yorkers. The New York tree cost \$5 for delivery and raising. Newark's tree cost \$8. The fund is now a little more than \$100, and members of the committee are wishing the amount would be doubled before Christmas eve, so that the work of distributing cheer to worthy poor children might be carried on more extensively.

Promptly at seven o'clock on Christmas eve the Buckeye band, from its station on the north steps of the courthouse will play the opening number. During this number Mayor Swartz will push a button that will light the tree and will be a signal for all people to gather about the band under the light at the north entrance to the courthouse where the hymns will be sung.

"Silent Night," "Holy Night," will be the first hymn. When the band starts this tune everybody is invited to help sing. After a minute or two of intermission the band will start the hymn, "Joy to The World," everybody singing. After several selections by the band, the steps will be occupied by members of the Trinity choir drilled by Miss Mary Neal who will sing several Christmas carols. A novel quartette composed of C. F. Ferguson, M. D. Marshall, Fred Cosway and C. W. Kopp will sing a number of selections.

Hand bills on which have been printed the words of the hymns to be sung will be distributed through the audience—be sure and get one and help sing.

The small boy is especially invited but he must behave himself. However, everybody is expected to behave himself, especially on Christmas eve.

The pupils of the upper grades and high school have been drilled on the hymns and are expected to be very much in evidence.

FAMOUS CHRISTMAS POEM.

Popular Holiday Verses Read at Municipal Christmas Tree.

As a part of the program at many of the scores of municipal Christmas trees which will be a feature of the holidays in American towns this year the recitation of "A Visit From St. Nicholas" will be a feature. This famous poem, beginning "Twas the night before Christmas," was written in 1822 by Dr. Clement Clarke Moore of New York. He turned out the verses to be used in a household entertainment arranged for the children of the family for Christmas eve.

The Troy Sentinel first published the poem on Dec. 23, 1823. At first Dr. Moore was provoked, as he did not think the poem was a credit to him and his reputation as a scholar. He was amazed at the instant popularity that the poem achieved. Though he never received a penny for it, he had great satisfaction in knowing that he had given pleasure to thousands.

A Novelty in Strikes.

The management of a traveling theatrical company demanded 2 shillings for admission. The visitors did not propose to pay more than 1 shilling and after a hasty consultation outside the entrance formed a "theater goers' union." Pickets were stationed, and within a few minutes 278 people—practically all who were there—had agreed not to pay the 2 shillings.

The manager appeared at the doorway and refused to make the required reduction.

"I'll give you till I count twenty," said the newly elected president of the new union, "and after that our price will be sixpence instead of 1 shilling." He counted slowly to nine, and then the manager capitulated.

The strike was declared at an end, the quondam strikers trooped into the hall, and the union was dissolved after an existence of about twenty minutes.—Sydney (Australia) Mail.

The Eskimo Mind.

The difficulty of conveying the true idea of Christianity to the Eskimo mind is related by Vilhjalmur Stefansson: "Now, it seems that in Kotzebue sound, where the Christian doctrines of the Colville people had originated, fishing is by nets only. As fishing is practically the only work done there the missionary had probably said to them, 'Do not put out your fish nets on Sunday,' meaning thereby 'Do not work on Sunday.' However that may be, the prohibition came to our community in the form 'God has said you must not use fish nets on Sunday.' Accordingly the entire community pulled their fish nets out of the river Saturday night, fished with hooks all day Sunday and put the nets back into the water Monday morning."

Uncorker of Ocean Bottles.

It is not many years since the high sounding post of uncorker of ocean bottles was abolished in England. News traveled slowly in Queen Elizabeth's time, and the first news she had of the taking of Nova Zembla by the Dutch was found in a bottle picked up by a Deal fisherman named Tonfield, who forwarded the message to the lord high admiral. Queen Elizabeth was struck by the idea and decreed that all bottles with inclosures found on the coast should be forwarded to the lord high admiral, Tonfield being appointed uncorker. The post survived for centuries.

ACKER IS FINED \$25 AND COSTS IN POLICE COURT

William Acker, arrested last week on a charge of securing furniture from Besanency Bros. under false pretenses, entered a plea of guilty in police court Monday morning, waived his right to a trial by jury and was fined \$25 and costs. He withdrew his former plea of not guilty. Acker was taken into custody by the police when it became known that he was acting as organizer for the Order of Owls without authority from the national officers. He used the name of National President Talbott on the contract when he purchased the furniture.

The Greatest Gift of God to Men—The Pleasure of Giving—God the Great Exemplar—He Giveth All Things Richly to Be Enjoyed—Every Good and Every Perfect Gift—Gifts to Angels—Gifts to Men—Gifts to the Saints—Gifts to Sinners—All Should Imitate Him—Precious Gifts Which All May Lavishly Bestow.

PASTOR RUSSELL

Louisville, Ky., December 21.—Of the two discourses which Pastor Russell gave here to-day we are reporting the one from the text, "Every good and every perfect gift is from Above, and cometh down from the Father of Lights, in whom is no variableness nor shadow of turning." (James 1:17.) He said:

Christmas is a delightful season in many respects. Admitting the claim that it is the date of the Annunciation, and that our Lord's birth was nine months later, in October, it matters not. It is a delightful custom that draws the attention of the whole world to the birth at Bethlehem, and memorializes to men the great Gift of God on our behalf. We rejoice in it, even though the Higher Critics have wrought such destruction of faith in Christendom that to many the day and the events it commemorates have lost their meaning. The custom of giving little tokens of remembrance and esteem is still a blessing in the world. To the extent that we enter into it heartily, we are exercising a godlike quality. God is the great Giver, from whom cometh every good gift and every perfect gift.

Some of God's Gifts.

Let us begin with some of the common things that God has given all men richly to enjoy. How delightfully adapted to our needs is the air we breathe! How it carries life and refreshment to our lungs and to every part of our bodies! Think of the great boop of water—refreshing, exhilarating, absolutely a necessity to our habits and our life. Take the sunshine and the golden grandeur in which it clothes the earth, and the life and vigor which it imparts—not only to our bodies and minds, but to all nature.

Even in the matter of colors God is gracious to us. The predominating colors are well adapted to our sight, and restful to the eye. The variegated colors of the flowers brighten the landscape, refreshing and pleasing us. Not only so, but the infinite variety of these flowers in size and shape is wonderful. Even the storm clouds are beautiful. The Creator, who gave us the organs appreciative of shape, beauty and color, provided us also gratification of these senses. Additionally, He gave us the sense of smell, and then provided in all nature wonderful varieties of odors to gratify us. Do not all these gifts come from the Father of Mercies?

Time would fail us to examine these common blessings which God has given all men richly to enjoy—not only His consecrated saints, but every creature. We can readily see that a grand provision was made for the race in its original perfection. All these things are blessings to mankind, notwithstanding our fallen condition, notwithstanding our weaknesses of mind and body which hinder us from proper conception, appreciation and use of these. When we remember that the sick lose their appetite and fall in all their powers of appreciation, and when we remember that our entire race is sin-sick, we may well wonder how much more a perfect man might have enjoyed the various blessings which are still precious to us.

Richly to Enjoy.

God has given gifts. They are on every hand, and may be richly enjoyed or not richly enjoyed. But as the majority of people swallow their food without richly enjoying its flavor, so the majority receive and use God's favors in a stupid, unappreciative manner, and do not richly enjoy—indeed are unconscious of the blessings that they have. What is the matter? The reply of the Bible is that they have the wrong spirit. But where did they get the wrong spirit? The Bible answers that sin vitiates every good quality of mind and of body.

The world, through depravity, through losing its relationship with God, has lost the sense of appreciation of many of God's gifts. Mankind have them, and use them, but do not enjoy them. Consequently they are unhappy, unholier, unthankful. Alas, poor world! It is rushing madly hither and thither, seeking pleasure, seeking joy, seeking happiness, but finding discontent, disappointment.

Only one class of people are really able to highly enjoy Heaven's gifts. These have passed through a certain mental experience which is for them transforming all of life's affairs. They have caught a glimpse of the Almighty

Father, and have learned that all these gifts and blessings of nature are of His Wisdom and His bestowing. More than this, before their eyes were opened to see deeply and clearly, their hearts were regenerated. They had given their hearts to the Lord, and He had given them new hearts. With these new hearts, new minds, transformed wills, old things have become new. They open their eyes upon the world and the fulness thereof; and recognizing the relationship between these and the Heavenly Father, their hearts are warmed and enlightened. The spirit of love and appreciation is shed abroad.

God's Unspokeable Gift.

The Apostle exclaimed, "Thanks be unto God for His unspeakable Gift!" He refers to the Gift of God's dear Son to be man's Redeemer—to pay the price, the penalty, of sin—the death penalty on our behalf. Ah, yes! that is an unspeakable Gift, far beyond anything that could be asked or imagined. The death sentence passed upon Adam by the Supreme Court of the Universe could not be revoked, and that sentence included all of his posterity; for we were flesh of his flesh, bone of his bone. If an unblemished human life could be substituted for his, the majesty of the Divine Law could stand, and be and all of his race might be granted a fresh trial for life everlasting or death everlasting. But no such perfect man was in the world. And had there been such a one, who knows that he would have been willing to sacrifice his life for a race?

The will of the Redeemer was not ignored. He was not sacrificed. On the contrary, the Scriptures make very clear that the Father presented His Plan for the approval of the Son, and attached to the proposition exceeding great and precious promises, and that the Son willingly and joyfully co-operated in the Plan. As we read, "For the joy that was set before Him, He endured the cross, despising the shame, and is (now, as a reward) set down at the right hand of the Throne of God"—awaiting the still further glories and honors of His Millennial Kingdom and of eternity.

Gifts to the Church.

God's time has not yet come for giving the gifts of the Redeemer's sacrifice to the world. The distribution to the world of mankind of those blessings is held in abeyance, waiting for the glorious Thousand-Year Day—earth's Jubilee. Meantime God has been preparing for a special class of humanity other gifts, the richness and value of which "eye hath not seen nor ear heard, neither have entered into the heart of man."

God has a right to give different gifts to His different creatures. He has given to the angels the gifts, blessings, which cause their everlasting happiness; and now He is selecting from amongst men by various trials, tests, a very special class—a saintly class, of all nations and denominations. While He calls all perfect intelligent beings (angelic and human) "sons of God," He purposes that the saintly ones now being selected shall be His sons on a still higher plane, to which Jesus has been exalted as a reward for His obedience—"far above angels, principalities and powers and every name that is named."

To such of these as respond to the drawings and leadings and tests, God is giving special gifts at the present time—not earthly gifts, tangible and seen of men, but spiritual gifts—new hearts of appreciation, new eyes of understanding, new ears of comprehension, new powers of spiritual enjoyment. To them "old things are passed away, and all things have become new."—2 Corinthians 5:17.

The Most Helpful Gifts.

Give without hoping for gifts in return—every gift at this season should be a love token. We value the gift not so much for its monetary worth as because of the love and fellowship of which it is a reminder. It is eminently proper that friends and parents should prepare gifts for others in secret, and keep them until the opportune time for presentation. In all this they are merely copying the Heavenly Father, who is thus preparing for the world the wonderful gifts of the Messianic Kingdom, described as a "feast of fat things for all people."

But there are other gifts which should not be kept back merely for Christmas time. Each one, and especially each Christian, should every day shed forth on life's pathway gifts and blessings that would bring joy, cheer, to many hearts—the kindly word, the nod of recognition, especially to one in less favored circumstances, the kindly look, the word or act of sympathy. Oh, how much these gifts mean to the poor world, whom the Apostle Paul describes as the groaning creation! Many of them have little that they know how to enjoy in the present life, and no prospect beyond. How blank such lives! What a godly pleasure comes from casting upon them an occasional ray of sunshine!

At times financial help may be an appropriate proportion to our ability. At times counsel and friendship and sympathy would be of more value than money. What we all need is to be more and more filled with the Spirit of our Father in Heaven—the Spirit of our Father—the Spirit of love, joy, peace. This Spirit, like radium, is continually giving off, yet never lacking in quality. God is the abundant supply. He who thus loves and gives is continually a recipient from God more abundantly; and his treasure store of joy and pleasure is an ever-increasing one, regardless of what his outward circumstances and conditions may be.

"Gave Gifts Unto Men."

Writing to the Ephesians (4:8) St. Paul notes gifts specially bestowed

upon the Church—the Father, by the Son. He says, "When He (Christ) ascended up on High, He led captivity captive and gave gifts unto men." More liberally it reads, "He led forth a multitude of captives, bestowing gifts unto men." The Apostle quotes from the Psalms a poetic description representing Jesus as a great Conqueror or who had vanquished the enemy and was returning home with the spoils. The enemy is Sin and Death.

Jesus by His sacrifice gained the victory and the right to control the millions of Adam's race who were in bondage to Sin and Death. He had humbled Himself, had become a man, had given His life a Ransom for all, had been raised from the dead by the power of the Father, and had then ascended a conquering Hero, welcomed by the Father and acclaimed by the angelic hosts.

The multitude of captives in His train have not yet come into sight—merely the vanguard, the Church. And the Church will not be fully delivered until all of its members shall have been changed to glory, honor and immortality beyond the veil, as shared in the First Resurrection. Soon the Heavenly portion of the delivered captives will have followed the Leader into the presence of the Father.

Then for a thousand years the other captives will be following on. As St. Paul declares, it will be "every man in his own order," or company, or regiment. The ranks will ultimately include the entire race of Adam and himself. All those willing to be led forth from captivity will attain again the full liberty of the sons of God, lost through Adam's disobedience, and the right to recovery of the same—redeemed for them at Calvary.

But the Apostle mentions the triumphal entry of Jesus into Heaven itself merely as an incidental, prefacing his statement that our Lord immediately began to give gifts to men. The first gifts, bestowed at Pentecost, were to the Church. Indeed, all of Jesus' gifts thus far have been to His followers. The prophecy from which the Apostle quotes takes in the world, however, declaring that the gifts are "for the rebellious also."—Psalm 68:18.

Jesus' Gifts to the Church.

St. Paul, continuing, tells us the special gifts bestowed by Jesus upon His Church: "And He gave some Apostles, and some prophets, and some evangelists, and some pastors and teachers." Jesus tells us about some false apostles. We can readily suppose that there have crept into the Church also false teachers, false pastors, associating godliness with gain, as the Apostle explains. All the same we are to have in mind that there are true Apostles, prophets, pastors, and teachers appointed by the Redeemer as His special gifts to the Church, as His special representatives in the Church, for their guidance and blessing.

We further read of the object and purpose of these gifts: they were "for the perfecting of the saints, for the work of the ministry, for the edifying of the Body of Christ; till we all come in the unity of the faith, and of the knowledge of the Son of God, unto a perfect Man, unto the measure of the stature of the fulness of Christ."

Only in proportion as Apostles, prophets, pastors and teachers fulfill this mission are they really the Lord's gifts to His Church. Consider that these were not appointed for the world, but for the saints—and not merely to start them in the way of sainthood, but especially to perfect them as saints. And this perfecting of the saints is not merely an instruction of them in knowledge, nor merely the bringing of them to an appreciation of the joys and the peace of the Lord, but a preparation of them for the work of ministry—the work of service. All the saints are to be servants, even as the Lord Jesus, the greatest Saint, was Servant of all.

Whoever does not learn to be a servant of God, a servant of righteousness, a servant of the brethren, will not have learned the lessons necessary for a share in the Kingdom. Besides, the Kingdom itself will be a service to mankind for human uplift, and only those who have come to an appreciation of the privileges of service in the present conditions will be granted a share with the Lord in the more glorious service of the future.

The edifying of the Body of Christ, in modern language, means the up-building, the strengthening, the development of the Church, which is the Body of Christ. Not merely with sinners and with the heathen, therefore, are the pastors and teachers to be engaged, but chiefly with the Church, edifying it, strengthening it, educating it, with the knowledge of God, and building it up in all the fruits and graces of the Spirit. The Apostles, prophets, pastors and teachers who are the Lord's gifts to the Church will be found doing this work, whatever may be said of others.

How Long It Will Last.

Their work will not be finished until the Church completed shall have entered into glory. This is the Apostle's statement, "Till we all come in the unity of the faith and of the knowledge of the Son of God unto a perfect Man." The perfect Man signifies the glorious, complete Christ, of which Jesus is the Head and of which every member of the Church is a part. When the entire Body shall have been completed, perfected, developed, the work of this Age will be at an end, the gifts of Christ will have accomplished their work, the Body of Christ in glory will then begin the glad Reign which is to bless the world and shower gifts upon men—"the rebellious also."

"Love Divine, all love exceeding,
Joy of Heaven to earth come down;
Thou hast made with us Thy dwelling,
Love doth all Thy favors crown.
Father, Thou art all compassion;
Pure unbounded love Thou art;
Thou hast brought to us salvation;
These we love with all our heart."

SUPREME COURT MEMBERS TAKING XMAS VACATION

(ASSOCIATED PRESS TELEGRAM)
Columbus, Dec. 22.—No decisions will be handed down by the supreme court tomorrow. Members of the court are taking their annual holiday vacation and will not convene again until Monday, January 5. The next decision day will be Tuesday, January 6.

Several cases of importance probably will be given early consideration by the court the first of the year.

CENSORS STOP PICTURES

(ASSOCIATED PRESS TELEGRAM)
Washington, Dec. 22.—The authorities stopped the production of "white slave" motion pictures at two local theaters yesterday. This action was taken after censors had declared that the films were all together "too bad" for Washington.

(ASSOCIATED PRESS TELEGRAM)
Clinton, Ia., Dec. 22.—Congressman I. S. Pepper of the second Iowa district, died here today. He had been ill for several months.

GLASS OF SALTS CLEANS KIDNEYS

If your Back is aching or Bladder bothers, drink lots of water and eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid waste, so we can readily understand the vital importance of keeping the kidneys active. Drink lots of water—you can't drink too much; also get from any pharmacist a bottle of four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

DENISON BOYS HOME FOR THEIR XMAS VACATIONS

Granville, Dec. 22.—Practically all Denison students have left town for their holiday vacation, and the streets are somewhat deserted in comparison to when college is in session. The dormitories are deserted and there is no visage of college life whatever and probably will not be until January 6 when school will reconvene.

The regular meeting of the Travelers' club will not be held today as customary, as so many are busy with

Christmas duties. However, the club will hold a regular meeting next Monday in the Baptist church.

The churches of Granville held their special Christmas services Sunday. Special song services were arranged in most of the churches and some excellent Christmas sermons were delivered.

Prof. T. S. Johnson has left for his home in Parkersburg, W. Va., to spend the holidays.

Mrs. Harry Burkham entertained at dinner Sunday Miss Burkham and brother Voldny Burkham of Newark, Miss Mayne and Miss Martha Geach.

Mrs. Elizabeth Spellman gave a delightful supper Saturday evening in her home on Broadway. Those present were Mrs. Minnie B. Kerr, Mrs.

Howard Howe, Mrs. Fred Buxton, and Miss Addie McClain.

IN CONGRESS FOR 22 YEARS; WILL RETIRE

Washington, Dec. 22.—Representative Richard Bartholdt of St. Louis, who has represented the tenth Missouri district in the house for 22 years, has issued a statement saying he will not be a candidate for reelection when his term expires in 1915. Only two other members of the house, Representatives Payne of New York and Jones of Virginia have longer records of service. He expects to work for universal peace.

Postmaster General Burleson's report that the postal revenues for 1912-13 were \$3,541,506 in excess of expenditures is very gratifying. The Post Office has not been self-supporting since 1883. The present surplus is derived entirely from the parcel post, which has been very profitable, and is becoming more profitable with every increase of weight limits and lowering of rates. This may seem paradoxical; but as the average weight of parcels increases so does the average price per parcel collected; and the cost of handling ten pounds is only an infinitesimal fraction more than the cost of handling one pound. The Government gets an initial 5 cents for every package, large or small, and this is more than twice the cost of handling a parcel of average size. The cost of transporting one pound by railroad 200 miles is less than one cent; and most of the parcels sent within the 150-mile zone are carried less than half that distance. More than one-half the parcel post receipts, therefore, are clear profit. At a moderate estimate the net income over expenses from this service for the current year should be \$20,000,000, even after giving adequate compensation to the railroads for transportation, which they don't get at present.

By dropping bombs from aeroplanes upon rebellious Moors the Spaniards have again demonstrated the superiority or civilized methods over those of such primitive people as live in Africa. Both Spain and France are having great difficulty in convincing the wild tribesmen of Morocco that the European nations know what is really best for them. The "veritable rain of bombs tossed by the airmen into the midst of the Moors" is likely to prove an especially effective argument in this direction, and is also an interesting demonstration of the progress made in aerial warfare. Whether such bombs would be equally efficient against trained armies remains to be seen.

These stories from Boston about lobbyists of the New Haven railroad playing poker with Massachusetts legislators and conveniently losing to them have the flavor of famous old methods. We would hazard the guess that it is a dozen years since such raw methods were practiced in the legislatures of Pennsylvania and neighboring states. Can it be that while the rest of the country is progressing slowly but steadily in grace and righteousness New England, that erstwhile stronghold of Puritanism, is slipping back into the ways forewarned by the redeemed sinners? Certainly in railroad finance and juggling there have been queer doings lately down east.

Secretary Bryan insists that when ex-President Zelaya was released from arrest upon agreement to leave this country, it was a real and not a pretended bargain. The Nicaraguan hasn't gone, and the Secretary of

Make Somebody Happy

In about forty-eight hours Mayor Swartz is to press the button that will make the hundreds of electric lights flash on Newark's first Municipal Christmas tree—a beautiful 40-foot arbor vita that now stands in the court house park. The "snow" and tinsel are to be added and when 7 o'clock arrives on Christmas eve the band will play and the lights will burn. Then will come the chorus music. The pretty sight and the music will be inspiring. It will help to spread Christmas cheer and a feeling of good will among the people of Newark.

The Advocate fund alone is more than enough to defray the entire cost of the tree but much of the money that has been contributed will be wasted. The committee is planning to use all of the surplus in making Newark children happy on Christmas day—children who otherwise would have little if any happiness next Thursday. So, therefore, this last appeal for funds is made. Your contribution, no matter how small or large, will be gladly received at the Advocate office. It will do the giver good to contribute to this fund.

Uncle Walt

The Late Shopper.

"Do it early!" I've been yawning. till my bronchial tubes are lamed. It's too late for early shopping, and you ought to be ashamed. I've been begging and beseeching for two weary months or more; I've been ranting, I've been preaching, I've been knocking at your door. I've been busy telling others when to do their shopping chores, to relieve their weary brothers clerking in the village stores; oh, I kept my larynx popping, got such action on my tongue. I forgot to do my shopping till the last blamed dog was hung. Now Remorse comes forth to pinch me for my dilatory stand; if the Weary Clerks should lynch me, they won't need a reprimand. When a fellow tears his jacket telling others what to do, when he kicks up such a racket that the atmosphere is blue, when he roasts us for out botching, our neglect of sundry chores, you may bet he'll bear some watching, like most other noisy bors.

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's recipe to bring color, lustre and thickness to hair when faded, streaked or gray.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and scraggly, just an application or two of Sage and Sulphur enhances its appearance a hundred-fold.

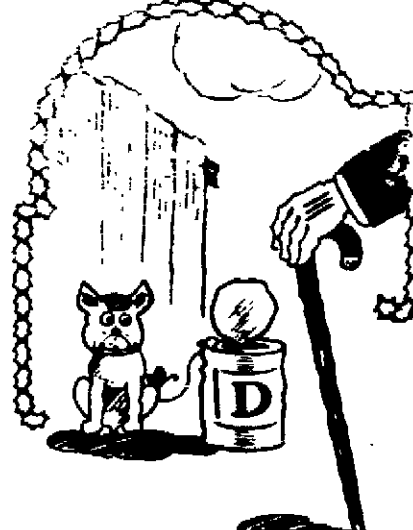

Don't bother to prepare the tonic; you can get from any drug store a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," ready to use. This can always be depended upon to bring back the natural hair and remove dandruff, stop scalp itching and falling hair.

Everybody uses "Wyeth's" Sage and Sulphur because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant. YEAR 1913 WAS NO "HOODOO" FOR SUFFRAGETTES

(ASSOCIATED PRESS TELEGRAM)
New York, Dec. 22.—Dr. Anna Howard Shaw, the suffrage leader, declares that the year 1913, in spite of its unlucky number has been the "greatest and luckiest year" in the history of the movement for votes for women. During the year now drawing to a close, she said yesterday, woman's suffrage had been taken out of the academic stage and was now in the realm of practical politics.

For 1914 Dr. Shaw has mapped out campaigns in Nevada, North Dakota, South Dakota and Montana, where the legislatures have passed suffrage amendments to the state constitutions that will be submitted to the voters for approval.

HOLIDAY RUSH OF SIGHTSEERS TO WASHINGTON

(ASSOCIATED PRESS TELEGRAM)
Washington, Dec. 22.—The holiday rush of sightseers to the National Capitol is on. At this season Washington attracts more visitors than at any other time of the year. Thousands of persons have already begun to flock here and each incoming train is crowded. The throng at the union station early today was so large that employees felt like inauguration day was being repeated.

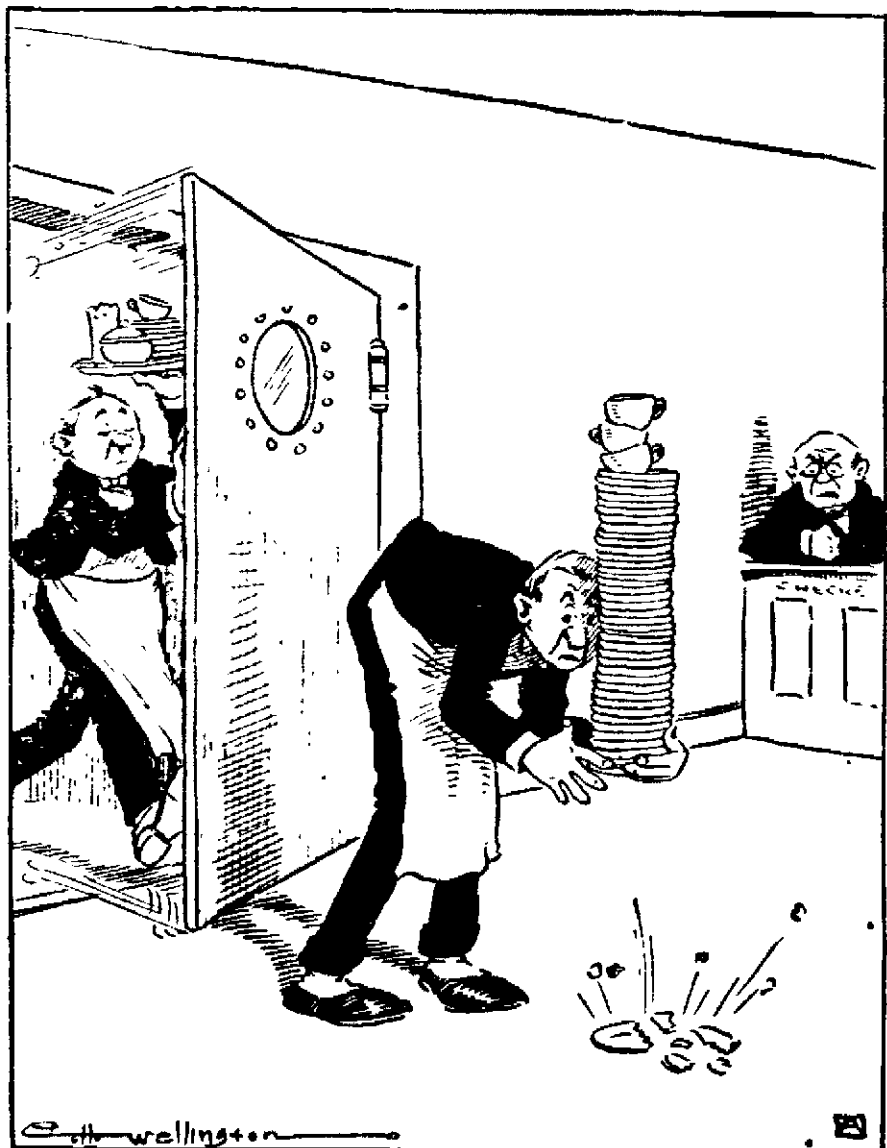

The visitors are made up principally of delegations of girls and young men students from various parts of the country.

Cards reading as follows have been issued to club members: The governors of Mount Builders Country club will give a complimentary dance, masked, to its members on New Year's eve, December 31. Lunch will be served and no member will be admitted not masked.

Honoring Mrs. Rupert Anderson and her Robert of Fremont, Mrs. Haddit of North Williams street, delightfully entertained on Friday afternoon the following: Mrs. Quinn, Mrs. Foster, Mrs. Anderson, Mrs. Walters, Mrs. Hall, Mrs. Provin, Mrs. Ogilvie, Mrs. Stover and Mrs. McWilliams.

The rooms were artistically arranged with Christmas decorations. In a contest the prizes were awarded Mrs. Foster and Mrs. Provin. With tiny Christmas bells as place cards a delicious luncheon was served.

The first monthly meeting of class review of No. 2, Brownsville M. E. Sunday school was held at the home of Mrs. Coo. Those present were Mesdames Rosa Brown, Zoe Powers, Minnie Mack, Carrie Brown, Katie Uffner, Myrtle Uffner, Jennie Kemper, and the Misses Carrie Davis, Julia Priest Jane McMaster, Bessie and Hazel Guttridge, Nellie and Ada Orr, Emma Burgess, Mabelle McMasters and Master Raymond Mack.

A very enjoyable time was had by all. The time was spent in social conversation, music and games. The class presented Mrs. Coo, their teacher with a very beautiful gold brooch, set with brilliants, which is greatly prized. A lunch was served by the hostess and at a late hour adjournment to meet again at the close of next quarter was made.

Mrs. Edwin Besuden entertained with a delightful reception on Saturday afternoon at her Hudson avenue home, for her daughter, Miss Annette Besuden who returned last week after spending three months in travel and study in Europe. The richest of foliage and the brightest of berries adorned the rooms and the Christmas colors of red and green predominated in all the appointments.

In the receiving line were Mrs. Besuden and Miss Annette Besuden, while the aids in the various rooms were Mrs. Louis Hupp of Louisville, Ky., Mrs. Edward Kibler Jr., Misses Anna Sprague, Hazel Altshool, Frances Collins, Grace Fulton, and Louise Norpell.

The luncheon table was centered with a basket filled with poinsettias and ferns, while the whole was lighted by a number of candles canopied with red shades.

MISS "RED" AND MISS "BLACK" ARE NOW PRISONERS

(ASSOCIATED PRESS TELEGRAM) Chichester, Eng., Dec. 22.—Miss "Red" and Miss "Black," two members of a militant suffragette arson squad who had eluded the police on many occasions, were brought up in police court here today on a charge of setting fire yesterday to Alstone Lawn, a large mansion on the outskirts of this city.

The two women, who have been rechristened for police court purposes because they refused to reveal their names were seen in the neighborhood of the burned building. When arrested their stockings were found to be soaked with kerosene which had overflowed from the cans they had emptied on the woodwork of the mansion. They appeared in the prisoners enclosure barefooted. The accused were remanded for further examination.

SUIT FOR DIVORCE HAS BEEN FILED BY SCHUMANN-HEINK

(ASSOCIATED PRESS TELEGRAM) Chicago, Dec. 22.—Suit for divorce was filed here today by Madame Ernestine Schumann Heink, the singer, against her husband, Wm. Rapp. Desertion is the charge. They were married here in May, 1905, and the contract since has made Chicago her home. Rapp deserted her two years ago, she alleges. They had no children. Temperamental and family differences are said to have estranged the Rapps.

Madame Schumann Heink has eight children by her two former marriages. That she would seek a divorce from Rapp has been known for some time to her friends.

Rapp is said to be in New York. He is a lawyer 40 years old and a man of means. His father was editor in chief of the Chicago Staats Zeitung when he died about six years ago.

Obituary

Mrs. Mary Oberfeld.

Mrs. Mary Oberfeld, wife of Martin Oberfeld, died at the Newark Sanitarium Saturday afternoon at 2 o'clock, after an illness extending over some time.

About six weeks ago Mrs. Oberfeld entered the Sanitarium where she underwent a critical operation. She waged a brave battle against death, but the odds were too great and she succumbed on Saturday.

Mrs. Oberfeld was born in Baden, Germany, on March 12, 1865, and came to America in April, 1887. She was united in marriage to Martin Oberfeld in June, 1887, and to this union six children were born, Alfred, John E., Hilda, Francis, Elsie and Cecelia.

Mrs. Oberfeld was a woman of wonderful characteristics. She was greatly beloved by all who knew her and during her last illness and her great patience and courageous endurance endeared her to all.

The funeral mass will be solemnized at St. Francis de Sales church Tuesday morning at 10 o'clock, and burial will be made in Mt. Calvary cemetery.

She leaves to mourn her death, the husband, six children, two sisters and five brothers.

Rev. L. B. Sparks.

Rev. L. C. Sparks this morning received a message containing the sad news that his brother, the Rev. L. B. Sparks, of Columbus, had died at the home of his daughter, Mrs. Grace Sharp, in Hymera, Ind., where he had gone for a visit. The body will be brought to Columbus for interment, reaching there this evening and the funeral will take place Wednesday.

Mr. Sparks was born near Brownsville in 1853, and was united in marriage with Miss Josephine Holmes of that place in 1873. To that union were born three children, Dr. E. P. Sparks of Basil, O., Mrs. Grace Sharp of Hymera, Ind., and a daughter who died about a year ago. Mrs. Sparks survives him.

Mr. Sparks has been a member of the Ohio M. E. Conference for 28 years, and has held some of the best pastorates in the conference, being one of the effective and most popular pastors in the conference. His last church was the McKendree church in Columbus, which he served during the past year, when owing to ill health, he was compelled to retire from active service. Besides his immediate family he is survived by two brothers, A. M. Sparks of Van Wert, Ohio, and Rev. Dr. L. C. Sparks of this city, and two sisters, Mrs. Mattie Shaw of Paulding county and Miss Lillie Sparks, stenographer in the Girls' Industrial School at Delaware.

Mr. John L. Grasser.

Mr. John L. Grasser, a well-known and highly respected citizen and one of the older residents of the city, died at his home, 148 Hoover street, December 21, 1913.

He had been in failing health for a number of years, and death was due to complication of ailments.

Mr. Grasser was born in this city May 16, 1841, being seventy-two years of age, and has resided here all of his life. He was a tinner by trade and followed this vocation until his health failed him. He was a man of upright habits and of genial disposition, and had many friends.

He was married to Miss Anna Mary Houck, of Muskingum county, February 20, 1870. This union was blessed with one daughter, Minnie E. Grasser who died in 1896. Besides his widow he is survived by two sisters and one brother, being Mrs. Kate Weisand, of West church street, and Mrs. Josephine Perkins and Mr. William Grasser of Columbus. He was a brother of the late Judge G. M. Grasser and Mr. Ernest Grasser.

He was a faithful and consistent member of the Plymouth Congregational church and his funeral will take place at that church Tuesday afternoon, at 2 o'clock, the Rev. F. E. Holloway officiating. Interment will be made in Cedar Hill cemetery.

Gladys Walters.

Gladys, the 8-year-old daughter of Mr. and Mrs. D. Walters, died at her home east of Hebron, Saturday afternoon at 3:30 o'clock. Death followed a four day's illness of peritonitis. Besides the parents, four brothers survive. The funeral services will be held at the M. E. church of Hebron, Tuesday morning, at 10 o'clock. Rev. J. F. Kunuth officiating.

Funeral of Daughter.

The funeral of the little daughter of Mr. and Mrs. Sandy Murray, was held Monday afternoon at 2 o'clock in the residence in West Church street. Rev. Don Tullis officiating.

Mr. Petrey's Funeral.

The funeral of Charles Clarence Petrey, whose death occurred Saturday morning, will be held Tuesday morning at 9 o'clock at St. Francis de Sales Catholic church. Rev. B. M. O'Boylan officiating. Mr. Petrey was a sergeant in Company G, Seventh Regiment O. V. I. in the war with Spain. He enlisted here April 25, 1898, and was discharged because of disability at Camp Alger, Va., Aug. 7, 1898.

NEW PICTURE HOUSE WILL BE OPENED

Workmen were started Monday making changes required by the state building inspector's department, for the opening of a new moving picture theater in the rooms formerly occupied by the Empire cafe, in South Park Place. It is said Gallagher and Patton will open a theater there as soon as the changes are completed.

John Gallagher is now proprietor of the Lyric movie house in South Third street, but it is said he expects to retain the Lyric in its present quarters. Messrs. Gallagher and Patton could not be reached Monday.

The building is owned by George Havens and Jesse Flory.

The lodge rooms on the second floor, formerly occupied by the Eagles, who sub-leased to the Order of Reindeer, have been ordered vacated. The Reindeer recently closed a lease on the third floor of the Sires building, a few doors to the east, and arrangements have been made for the lodge to move into its new quarters at once. The Reindeer will occupy the entire third floor over the Kisan meat market and the Bargain shoe store. The lodge will hold its first meeting there Tuesday night.

ALIENISTS IN SCHMIDT TRIAL BATTLE TODAY

(ASSOCIATED PRESS TELEGRAM) New York, Dec. 22.—The battle of alienists upon which may depend the life of Hans Schmidt was looked for today at his trial for the murder of Anna Mueller. Before court opened this morning the prisoner asked that all the sanity experts but two be excluded from the room.

"These two," he said, "are both scientific and humane and they know that I am sane. The others think I am insane."

His request was not granted. The defense continued its examina-

NATIONAL BANKS WANT IN ON NEW RESERVE SYSTEM

Washington, Dec. 22.—More applications from national banks for membership in the new federal reserve system piled into the treasury today. Some came from Salt Lake City, Pasadena and Colton, Calif.; Peoria, Iowa, and Lincoln, Ill. So far no state banks or trust companies have signified their intention asking for membership.

HABEAS CORPUS WRIT CAUSES A MUDDLE IN KNOX

Knox county officials are engaged in unraveling a legal tangle which has "stumped" most of them, as well as the lawyers engaged in the case. It involves a guardianship appointment and a writ of habeas corpus issued by Judge Fulton here Saturday directed to the sheriff of Knox county.

A few weeks ago, an affidavit was filed against Robert Severns, charging violation of the liquor laws. Shortly afterwards, Severns' brother filed a lunacy affidavit against him but upon a hearing in probate court, the action was dismissed.

Severns' brother filed another action asking for a guardian for the brother, which petition was allowed and the brother, Fred G. Severns, was named the guardian. About the same time Robert Severns was arrested on the warrant charging liquor law violations and then the guardian applied for a writ of habeas corpus, declaring that Robert was an imbecile and could not be charged with a crime. The application for the writ was made before Judge Fulton and he allowed it, directing the writ to Chief of Police Parker.

Severns is in custody of Sheriff John Woolison, so the writ was not served, it being claimed that Severns was legally committed to the custody of the sheriff.

The writ will be heard on its merits December 30.

PHILANTHROPISTS GIVE MILLIONS IN CHARITABLE GIFTS

(ASSOCIATED PRESS TELEGRAM)
New York, Dec. 22.—Charitable gifts in the United States during the last 12 months amount to \$80,135,476, or at the rate of \$2.91 for every tick of the clock, according to a compilation published here today.

The bequest of Benjamin Altman, valued at \$15,439,000, to the Metropolitan Museum of New York, heads the list and the gift of \$10,000,000 by John D. Rockefeller, Jr., to put an end to "white slavery" is second. Col. O. H. Payne's gift of \$1,350,000 to Cornell comes next in size and is followed by Ferris S. Thompson's gift of \$3,655,000 to Princeton university. Andrew Carnegie's 15 donations aggregated \$2,633,000, and the next largest gift is \$2,000,000 the sum given Washington and Lee university by Robert P. Doremus.

After that the list shows that the donations dropped in size to a mere million or two.

Newark's Christmas Tree.
Newark's Christmas tree, a 40-foot arbor vita, now standing in the court house park is a beauty but it will be far prettier on Wednesday night when the decorations are finished and the hundreds of lights are turned on and the band plays. This Christmas tree has not been expensive to anybody though it has cost no little work upon the part of the committee but the good cheer it will bring, the good will it will proclaim will amply pay for all the work. The best part of it is the fund already raised will exceed the cost and the remainder of the fund will go to make Newark children happy. The committee I am assured will use good judgment in providing this happiness for the children. So, if you, reader, have not had a hand in helping this good work send your contribution to one of the newspapers tonight or tomorrow. It will make your own Christmas happier and at the same time it will help to make some other person happy on Christmas day. READER.

HERE'S A CHANCE FOR NEEDLE WOMAN

(ASSOCIATED PRESS TELEGRAM)
Washington, Dec. 22.—Uncle Sam has one job that is going begging. This place calls for an expert needle woman to mend tattered and historic flags at West Point Military Academy. Thus far no one seems to have cared for the position. Although the position carries a salary of \$3 a day, not a single person has applied for the place.

Theaters

"Music Hath Charms."
An old saying but a true one. And who does not like good music? If there is a man who will acknowledge that he does not, you will find in him a person who despises flowers. And what would this world be without either or both of them? Music is inspiring, and we all need inspiration. It helps us to forget our troubles and our burdens and rests our weary brains.

Of all the days of all the year, that one day, Christmas should be observed by making a part at least of the days program, to include music. Having this in mind the management of the Auditorium theatre succeeded in engaging the big Cincione band of forty musicians for the worlds holiday, Christmas.

Cincione, whose name would indicate his nationality, came to America as assistant leader of the Royal Italian Band of Naples. Instead of returning to his native land after a tour of America, Canada and Mexico he joined the Cretore band in New York. Since that time he has successfully held the assistant directorship of such organizations as the Innis, Donatelli, Kriel and Vesselli bands.

Before coming to America Cincione directed the great Royal Band of Naples consisting of over a hundred pieces. At the age of 23 he directed the orchestra of Rome made up of the pick of Italy's gifted musicians.

There will be an afternoon and evening concert.

EVA TANGUAY AND HER HUSBAND.

Eva Tanguay appeared at the Auditorium a short time ago but that was before she married Johnny Ford. Burns Mantle writing to the Chicago Tribune from New York says:

When Eva Tanguay became angered with the vaudeville trust a year ago because the trust had agreed to pay Ethel Barrymore \$5,500 a week and was not willing to give Eva more than \$3,000 she organized a company of her own and started across country with the avowed intention of teaching the trust a lesson. One of the men stars of her organization was Johnny Ford, the dancer. Johnny not only contributed his specialty to the performance but he also "doubled" as the agitated head of John the Baptist when Miss Tanguay gave her version of "Salome."

Evidently Mr. Ford took advantage of his position to make eyes at the writhing daughter of Herodias, placing her, as you might say, hors de danse by weaving about her a hypnotic spell, for in less than a year Miss Tanguay became Mrs. Ford. This week bride and bridegroom are playing what they term a honeymoon engagement at the Forty-fourth Street Music Hall. Monday afternoon when they made their first appearance Longacre square was practically deserted and the florist shops around about were depleted of their choicest blossoms. Carloads of flowers were carried down the aisles, and as an additional feature the management had provided paper sacks filled with confetti and rice which were hurled at the Tanguay-Fords until the stage was covered.

Miss Tanguay was in no way abashed by the proceedings. She seems in a fine way of earning the \$7000 a week she has exacted for the appearance of herself, her new husband, and the four or five additional specialties under contract to her.

BOY SCOUTS CAN ASSIST IN LIFE SAVING

(ASSOCIATED PRESS TELEGRAM)
Washington, Dec. 22.—A way in which boy scouts may be of great assistance in minimizing railroad casualties, is suggested in a letter from James Rea, president of the Pennsylvania Railroad to Col. Livingston of this city, president of the National Council of Boy Scouts of America. Mr. Rea points out that 399 trespassers were killed on the lines of the Pennsylvania system during a period of six years and he urges the Scouts to be of valuable service to communities wherever they are organized by influencing and warning persons of the liability taken in walking along railroad tracks.

DIRE DISTRESS

It is Near at Hand to Hundreds of Newark Readers.

Don't neglect an aching back. Backache is often the kidney's cry for help.

Neglect hurrying to the kidneys and means that urinary troubles may follow.

Or danger of worse kidney trouble.

Here's Newark testimony. J. W. Mullen, 8 1-2 E. Church St., Newark, Ohio, says: "My kidneys got out of order and the kidney secretions passed too frequently and contained sediment. I had trouble in getting up after sitting, and couldn't stoop without great pain. I tried different remedies, but until I used Doan's Kidney Pills, procured from the City Drug Store, nothing helped me. They completely cured me. The pains stopped and my kidneys became regular in action." Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Mullen had. STEFANSON'S FRIENDS ARE NOT ALARMED

(ASSOCIATED PRESS TELEGRAM)
Seattle, Wash., Dec. 22.—Notwithstanding the publication of interviews with persons who say they are sure that Vilhjalmur Stefansson's arctic ship Karluk, commanded by Captain Robert Bartlett, must be lost, Stefansson's friends on the coast are not alarmed. When the expedition sailed Stefansson said the Karluk would not be clutched by the ice until they attained a considerable distance northeast of Point Barrow. However, he found ice close to the point and entered a lead with the intention of being frozen in, and is supposed to be drifting with the ice.

EPISCOPALIANS ARE LIBERAL GIVERS

(ASSOCIATED PRESS TELEGRAM)
New York, Dec. 22.—The annual report for the Episcopal church in the United States, given out today, shows that the year's gifts to the church in this country totals \$20,000,000 or an even \$20 per member.

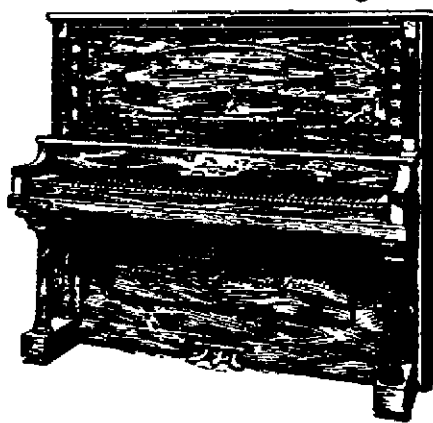

An unsatisfactory part of the year's showing is the small increase in the number of clergy, most of the increase coming from other Christian bodies, while there is an actual falling off in candidates.

SNOW STORM IS PROMISED FOR XMAS

The drop in temperature promised Saturday by the weather bureau arrived Sunday afternoon and by Monday morning the thermometers registered 25 degrees above zero. The change in the weather was welcome to most Newarkites who have not been overly pleased with the mild weather.

For a time Sunday, it appeared that there was a good chance for a "white" Christmas when a drizzling rain which began falling shortly before noon, turned into snow. It didn't last long however and both the rain and the snow soon stopped.

A snowstorm from the northwest is promised for this section by Tuesday evening and according to the prognostication low temperature will accompany the storm.

OLD PEOPLE GAIN

Strength By Taking Vinol. Here is Proof.

So many cases like this are constantly coming to our attention that we publish it for the benefit of others. Mrs. John Widmayer of Jackson, Mich., says: "I am nearly 70 years of age, and was in a feeble condition but Vinol has done wonders for me. It is the best medicine to create strength I have ever seen and I have taken a good many of them. Last spring I was run down and worn out but I took Vinol and soon regained my strength. Vinol is certainly an invigorating tonic for old people."

It is the medicinal curative elements of the cod livers without oil aided by the blood-making and strength-creating properties of tonic iron which are contained in Vinol that makes it so efficient in such cases.

If you have an aged father, mother, or anyone in your family who needs a strength-creating tonic, try Vinol on our offer to give back your money if it fails to benefit. Frank D. Hall, druggist, Newark, O. P. S. For itching, burning skin try our Saxo Salve. We guarantee it.

BABY MAY DIE FROM EATING STORAGE EGGS

Zanesville, Dec. 22.—Carl Popp, aged 2, son of Mr. and Mrs. Fred Popp of this city, is dying from ptomaine poisoning as the result of eating storage eggs.

The mother cooked several storage eggs for him a week ago and doctors gave up hope for his recovery last night.

MY HOME CITY

My name is Ruth Hirst and I am a pupil of the Eleventh grade of the Public schools of Newark, Ohio. Our Superintendent has requested all pupils in my grade to write an essay on the subject, "My Home City." This is mine:

Newark is situated in a fertile valley in the central part of Ohio. It is the county seat of Licking county and is approached from all parts of the county by macadamized roads, over which the farmers come weekly, bringing their produce to our local market.

The city was founded in 1802 by a small company of men who endeavored to make the plans of the new city after those of Newark, New Jersey, from which they had migrated.

Being a progressive city in a beautiful locality, Newark's population increased steadily, numbering 28,500, according to the last census, and, as the years passed, her enterprises multiplied rapidly and furnished employment for a great number of men. At the present time five-sevenths of the voters of Newark are employees in the factories of the city.

There is a bright future in view for Newark, judging from the efficient training which her future citizens are receiving in the public schools. The elementary grades are taught by a well trained corps of teachers, and under their instruction the pupils are prepared for the High school. The Newark High school is considered by authorities, one of the most advanced preparatory schools of the state, and a certificate from our school will admit the bearer, without examination, to many of the large universities of the country.

A large factor in the improvement of conditions in Newark is the Board of Trade, which is composed of the leading business men of the city. The Board of Trade is an organization which arouses public interest in new movements and which usually heads the list of subscribers in these movements.

With the aid of this organization, a Public Library has been established and a Young Woman's Christian Association has been instituted, both of which are liberally supported by the people.

The women of Newark are of a very progressive and public spirited nature, and have federated their literary clubs into a Library Association and a Civic Federation, the former supervising the Public Library and the latter caring for the sociological problems of the city.

The twenty churches of Newark represent almost every denomination and each has a building of its own, four of which have been built within the last four years. The church membership numbers about six thousand people, and the federated Brotherhoods are beginning to make their presence known through their united efforts toward making Newark an ideal town for clean politics and good citizenship.

With all these organizations working in concord, with the well planned school system with the interesting play grounds and wide, shady streets, the future citizen of Newark are being reared in an environment which will inspire them to better living and better working in splendid harmony for a "Greater Newark."

CIVIL SERVICE EXAMINATIONS FOR POSITIONS

Official notice of the examinations for stenographer, clerk-stenographer typist, and deputy assessor, has been issued by the state civil service commission.

The position of deputy district assessor, one of which is appointed for each ward and township, pays a salary of not less than \$4 per day. The exact allowance is not specified in the announcement. This examination will be held January 3. The state commission makes it clear that "experience" required of the applicant may be as a loan agent, insurance manager, real estate dealer, census enumerator, assessor or stock dealer, or similar occupations putting applicants in touch with land owners and land values.

Other examinations will be held Dec. 30. Stenographer pays \$60 per month to \$5 per day. Clerk-stenographer pays at the same rate, and so does typist. There are great numbers of each class of employees now in the state service.

Information is obtainable from the state civil service commission, Harrison building, Columbus.

OPENS UP NOSTRILS, CLEARS HEAD, ENDS COLDS OR CATARRH AT ONCE

Instantly Relieves Swollen, Inflamed Nose, Head, Throat—You Breathe Freely—Dull Headache Goes—Nasty Discharge Stops.

Try "Ely's Cream Balm."

Get a small bottle anyway. Just try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharge and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight, struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.

FARMERS WILL HOLD INSTITUTE IN FRANKLIN TWP.

The second annual Franklin Farmers' Institute will be held at the Ellis Chapel, Big Claylick, in Franklin township, December 29 and 30. The following speakers will address the institute as follows: Horatio Markey of Mt. Gilead, "Thirty Years of Corn Growing"; The Ohio Clover Family; "The Farm House and Its Surroundings"; The Big 6 of Soil Improvement; "Advantages of Live Stock Farming"; M. L. Treasurer, Montpelier, "Silos—Facts About Them and Why They are Needed"; "Keeping Cows for Profit"; "The Rainbow Comes Down in Ohio"; Scientific Farming, or Knowing the Reason Why; "The Farmer of Tomorrow"; Mrs. Laura Rhodes, "Advances in the Home"; and "Some of our Most Common Foods and How to Prepare Them."

John C. Williams of Hanover, will present the farmer's viewpoint of the much discussed question, "What is the Matter With Rural Life?" T. E. Adams, Newark, who had charge of the recent Chicago Land Show, will urge his auditors to "Stay in Ohio." Homer Orr, champion in the 1913 Licking County Boys' Corn Contest, will talk on "Their Trip to Washington." Mrs. F. C. Osburn will discuss the very important subject of "The Farmers' Balanced Ration." E. O. Verallion, the oldest teacher in the community, will present "The Needs of the Rural Schools."

An abundance of good music, both vocal and instrumental, will intersperse the addresses, the music being in charge of the local orchestra, under the direction of George W. Beall. The devotional services will be conducted by Rev. D. J. Smith, pastor of Ellis Chapel.

An opportunity will be given at each session for the discussion of Round-Table Topics, or any of the addresses.

POSTMASTER'S HINTS.

Mail your Christmas parcels early.

Wrap packages securely. Wrap glassware and crockery in strong boxes or metal, wood, leather or corrugated pasteboard, with sufficient excelsior or cotton to prevent breaking. Also mark "fragile."

Write addresses plainly and in ink.

Sender's name and address must be on all packages, as well as that of addressee.

Write names and addresses of sender and addressee on packages, even if a tag is used.

Parcels sent in advance of Christmas may be marked "Not to be opened until Christmas."

Written or printed messages, such as "Merry Christmas" or "Best Wishes," may be included in parcels.

Remember that photographs, printed books, and printed matter are not included in the parcel post law, and the postage on these is 1 cent for each two ounces or fraction thereof.

Mail parcels not exceeding four ounces in weight in street mail boxes.

Postage for parcels not exceeding four ounces is 1 cent for each ounce or fraction thereof.

All parcels weighing more than four ounces must be mailed at main postoffice or its stations.

Christmas stamps or "stickers" render matter unmailable, if placed on the address side of a package.

Parcels containing valuables can be insured against loss.

BOBBY'S CHRISTMAS

(By Mary Ellsworth Fuller.)

De christmas tree wuz all aglow, trimmed in splendor bright,
We wuz all so very happy 'cause it wuz christmas night.
Sisters beau had bought her gloves and Mam a new silk dress;
What Pop and I received dat night you easily can guess.

Mam sed I'd got to work some yet to earn my board and clothes;
And Pop wuz too old fur foolishness. Dat shows how de world goes.
But I fixed Mam, wid her high falootin' way
And I fixed my sister too wid her doodish jay.

I waited till dey all went out to get some cake and tea;
Den I got real busy, as busy as I could be.

I changed de candles round about, one under sisters glove,
Mams blue silk dress underneath to catch de grease, dat dripped from above.

I turned one candle upside down, dat wuz a dirty trick,
Den I called to Mam, dere wuz something wrong to come right in quick.

When dey came in, de parlor wid smoke wuz blue.
But when another christmas comes Pop and I'll have something too.

of canned goods, jellies, potatoes, apples, chickens, sugar, coffee, butter, etc.

There are many sick on his list and the Army keeps a record, and all cases are investigated, given help in the way they need it. One little fellow in the Army Sunday school came up to Mrs. Watkins and stuck out his poor little foot and in his baby way asked her if he would get new shoes from the Army. So many are needing underwear.

Salvation Army for all children will be New Year's eve. Many children have already received tickets for it and as all are invited to come and get tickets, there will be a need of donations of toys, candy and tree ornaments. Please help the Army in this, its worthy work. The donations thus far have been pitifully small. Those who have not done their part, give in the name of the One we are remembering, His gift and birth as He tells us, "that as much as ye give unto the least of these, ye do it unto me."

INTERSTATE COMMISSION CANDIDATES
[ASSOCIATED PRESS TELEGRAM]
Washington, Dec. 22.—Henry Clay Hall, former mayor of Colorado Springs, Colo., and once president of the Colorado State Bar association was considered for one of the vacancies on the interstate commerce commission at a conference today between President Wilson and Senator Thomas and Representative Seldomridge. The senator and congressman left the White House feeling that their candidate's chances of appointment were favorable.

It is believed to be settled that the president will re-appoint Commissioner Judson Clements of Georgia and it was understood that a man for the third place had been chosen but would not be announced until later.

MAXIM INVENTS GUNS TO KILL; IS PEACE MAN
[ASSOCIATED PRESS TELEGRAM]
New York, Dec. 22.—The jaws of the American nation chew away every year in gum the price of three dreadnaughts, according to Hudson Maxim, in an address delivered yesterday at a theatre here, where Dr. Madison C. Peters conducted his weekly service on "peace."

"From the profits of John Barleycorn," the inventor said, "two hundred battleships a year could be built, while tobacco would contribute almost as heavily to the national armament."

The speaker said that he was a peace man but that he believed in being prepared. Modern weapons contributed to peace, he declared.

Amateur Athletic Boxing Tournament at Cleveland, Ohio.
Cleveland, O., Dec. 22.—Teams from Chicago, Milwaukee, Columbus and Minneapolis probably will participate in the amateur athletic union boxing tournament which will be held at the Cleveland Athletic club here on the nights of January 9 and 10.

Six classes will be contested at 105, 115, 125, 145 and 155 pounds and heavy weights, which include all above 155 pounds. The middle west championship will be determined, the winners to be entered in the national tournament which will be held at Boston in April.

Bovars from Ohio, Indiana, Illinois, Michigan, Wisconsin, Minnesota and Iowa are free to enter the contests here.

Great Film Coming.
Following close on the appearance here and in other cities of projections on the screen of several of the world's most famous literary, historical and operatic successes, comes the announcement from the Auditorium that Mrs. Henry Wood's famous emotional novel, East Lynne, is to be seen here for two days, commencing Dec. 27, with Saturday and Sunday matinee. The revival of East Lynne has been accomplished by an all-star English caste, and is reproduced in three acts, with 117 scenes.

WOMAN CHARGED WITH OBTAINING CREDIT FALSELY
[ASSOCIATED PRESS TELEGRAM]
London, Dec. 22.—Mrs. Hannah Gordon Watson was today charged at Bow street police court with obtaining credit from a London hotel on false pretenses. The amount involved was \$40.

Mr. Watson, who died a year ago, was a relative of John W. Foster, former secretary of state.

The testimony showed that Mrs. Watson went to the hotel last week with four children and brought with her two valises. When asked to pay her current bill she left ostensibly to cash a draft. Later in the day she sent a man for the two valises saying she wished to have her initials put on them. She was arrested on Saturday and today appeared to the American embassy for assistance.

J. Arthur Barratt, an American lawyer practicing in London, appeared on behalf of the embassy and explained to the magistrate that Mrs. Watson said she was expecting a remittance from America. The magistrate thereupon ordered the defendant remanded for a week and admitted her to bail on a surety of \$250. Mrs. Watson comes from New Hampshire. She has resided in Europe for some time.

HOW TO TREAT CROUP EXTERNALLY
Rub Vick's "Van-O-Rub" Croup and Pneumonia Salve well over the throat and chest for a few minutes and then cover with a warm flannel cloth. Leave the covering loose around the neck so that the vapors inhaled may loosen the choking phlegm and open the air passages. Usually one treatment relieves in fifteen minutes. One application at bedtime will prevent a night attack. Vick's will be found better than internal medicines for all inflammations of the air passages from head colds and catarrh down to bronchitis and incipient pneumonia. Three sizes—25c, 50c and \$1.00.

The average girl marries with the idea that about all there is to housework is watering the fern and feeding the goldfish.

by the box of twenty packages. My dealer sells it for 85 cents a box!"

"A whole box of it is a real present and its low cost lets me "remember" people I could not send gifts to otherwise."

Be sure it's WRIGLEY'S

It's the gift you're sure will please.

CAUTION!

The great popularity of the clean, pure, healthful **WRIGLEY'S SPEARMINT** is causing unscrupulous persons to wrap rank imitations that are not even real chewing gum so they resemble genuine **WRIGLEY'S**. The better class of stores will not try to fool you with these imitations. They will be offered to you principally by street fakirs, peddlers and the candy departments of some 5 and 10 cent stores. These rank imitations cost dealers one cent a package or even less and are sold to careless people for almost any price. If you want **Wrigley's** look before you buy. **Get what you pay for. Be SURE it's WRIGLEY'S.**

We are inserting the above caution solely to protect our customers, who are continually writing us that they have been deceived by imitations which they purchased thinking they were **WRIGLEY'S**.

HAD NARROW ESCAPE FROM LOSING EYE

When Albert Mag, aged 17, of Washington street, fired the contents of an air rifle point blank at the head of John Fierol, aged 12, living in Baltimore street, a BB shot came within half an inch of penetrating one of the lad's eyes. The shot struck him on the bridge of the nose, and was removed by an uncle.

Young Mag, when brought before Judge Hunter, Monday, by Probation Officer John Dwyer, professed that he did not know the rifle was loaded. He was liberated with a warning that future carelessness may get him into serious trouble.

GRANVILLE BOY INJURED IN A COLUMBUS FIRE

(ASSOCIATED PRESS TELEGRAM)
Columbus, Dec. 22.—Aroused by exploding cartridges Major Harold M. Bush, and seven members of Battery C. O. N. G., barely escaped with their lives early today when the battery residence was destroyed by fire of incendiary origin.

The scene of the fire was the battery farm near Briggsdale, a suburb. Clarence Baker, 15, of Granville, a youth who was staying over night, was badly injured in jumping to escape the flames.

Walter Jones, a negro, giving Jackson, Miss., as his home is held as a suspect.

The loss of the building is several thousand dollars.

A telephone message to Granville elicited the information that a Mr. and Mrs. Isaac Baker, residing a short distance north of the village, have a son by the name of Clarence Earl, about the same age as the youth named in the Associated Press dispatch from Columbus, who makes an occasional trip to the Capital City where he secures employment when school is not in session. The father is engaged in the dairy business. In all probability the young man injured at Columbus is his son.

POSTMASTERS NOT TAKEN FROM CIVIL SERVICE

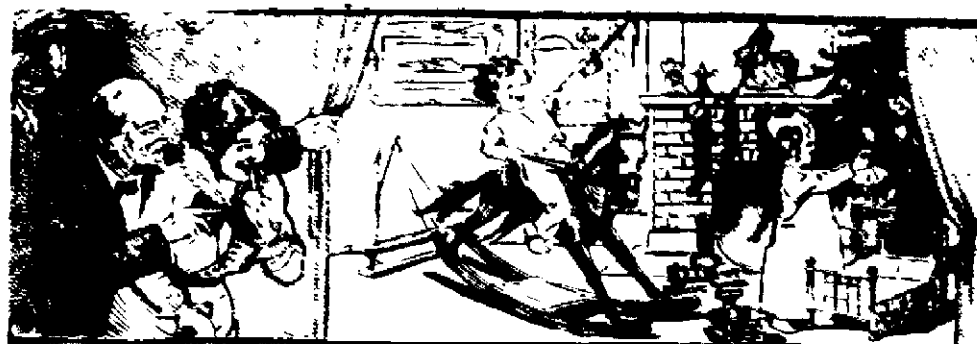

(ASSOCIATED PRESS TELEGRAM)
Washington, Dec. 22.—Postmaster General Burleson has taken a stand against the proposal to take postmasters from the protection of civil service which is embodied in the annual appropriation bill now in the hands of the house postoffice committee. Mr. Burleson today in a letter to Chairman Moon characterized such a plan as detrimental to the public.

MEETS HIS DEATH WHILE TRYING TO BOARD TRAIN

(ASSOCIATED PRESS TELEGRAM)
Cincinnati, Dec. 22.—Hurrying to board a train at the Cumminsville station of the Baltimore and Ohio-Southwestern today, John Schlenker, 55, a machinist, was struck and killed. Schlenker raced across the tracks in front of the train which had just got into motion and was struck by the locomotive.

BOYS LOCKED YOUNGSTER IN A COAL SHED

Homer Swan, aged 8, son of Mr. and Mrs. John E. Swan, 52 Bowers avenue, disappeared mysteriously Saturday night. After his mother, frantic with misgivings as to his whereabouts, had searched the neighborhood for an hour, she discovered her child on the verge of convulsions, imprisoned securely in a neighbor's coal house. Probation officer John Dwyer of the juvenile court was busy Monday rounding up older lads who are accused of having thrown the child into the coal house bodily, locking the door so he could not escape.

STREET CARS COLLIDE AND TWO INJURED

Toledo, Dec. 22.—Two persons were seriously injured and six others less severely hurt early this morning when two street cars collided head-on on a single track near a switch. The accident was due to heavy fog which obscured the vision of both motorists.

The seriously injured are: Mamie O'Brien, telephone operator, was hurt internally and cut about the head.

J. Nusser, motorman, suffered a broken leg. Six others were less seriously bruised and cut.

Bernadillo county, New Mexico, has a superintendent of schools who not only insists on improved rural school houses, but designs them himself and personally superintends their erection.
